original scholarly monograph

through her great capacity to love a kind and beautiful maid releases a handsome prince from the spell which has made him into an ugly beast

beauty and the beast begins with the question is beauty destined to end in tragedy drawing on extensive fieldwork in colombia michael taussig scrutinizes the anxious audacious and sometimes destructive attempts people make to transform their bodies through cosmetic surgery and liposuction he balances an examination of surgeries meant to enhance an individual s beauty with an often overlooked counterpart surgeries performed often on high profile criminals to disguise one s identity situating this globally shared phenomenon within the economic cultural and political history of colombia taussig links the country s long civil war and its bodily mutilation and torture to the beauty industry at large sketching colombia as a country whose high aesthetic stakes make it a stage where some of the most important and problematic ideas about the body are played out central to taussig s examination is george bataille s notion of depense or wasting while depense is often used as a critique taussig also looks at the exuberance such squandering creates and its position as a driving economic force depense he argues is precisely what these procedures are all about and the beast on the other side of beauty should not be dismissed as simple recompense at once theoretical and colloquial public and intimate beauty and the beast is a true to place ethnography written in taussig s trademark voice that tells a thickly layered but always accessible story about the lengths to which people will go to be physically remade

beauty and the end of art shows how a resurgence of interest in beauty and a sense of ending in western art are challenging us to rethink art beauty and their relationship by arguing that wittgenstein s later work and contemporary theory of perception offer just what we need for a unified approach to art and beauty sonia sedivy provides new answers to these contemporary challenges these new accounts also provide support for the wittgensteinian realism and theory of perception that make them possible wittgenstein s subtle form of

realism explains artworks in terms of norm governed practices that have their own varied constitutive norms and values wittgensteinian realism also suggests that diverse beauties become available and compelling in different cultural eras and bring a shared higher order value into view with this framework in place sedivy argues that perception is a form of engagement with the world that draws on our conceptual capacities this approach explains how perceptual experience and the perceptible presence of the world are of value helping to account for the diversity of beauties that are available in different historical contexts and why the many faces of beauty allow us to experience the value of the world s perceptible presence carefully examining contemporary debates about art aesthetics and perception beauty and the end of art presents an original approach insights from such diverse thinkers as immanuel kant hans georg gadamer and arthur danto alexander nehamas elaine scarry and dave hickey are woven together to reveal how they make good sense if we bring contemporary theory of perception and wittgensteinian realism into the conversation
